Benvenuti !

We come from one of the most beautiful places in the world, Italy. Filippo Uecher grew up in a passionate family of weavers in Biella, a picturesque Alpine foothill town with an ancient textile tradition. Here, he was taught the art of Italian craftsmanship, the devotion to sheer beauty and the passion for sophisticated details.

The secular traditions of Italian Excellence are the body and soul of his artistic and professional journey, but his work echoes not only his passion for weaving.

Filippo Uecher weaves his own personal experiences, family bonds, curiosity and research into his collections, each telling a unique story.

Filippo Uecher Collection is born natural, and it will always be. In our mill in Biella, with a team of passionate artisans and craftsmen, we weave superior selections of 100% organic Linen, Alpaca, Cashmere and Wool fibers into timeless and refined collections designed by Filippo Uecher himself.

Every fabric made in our factory is rigorously yarn-dyed in order to obtain a better reproduction of colors and a luxurious aspect.

Their impeccable appearance and incomparable softness, together with splendid handcrafted details, embody the sheer essence of Italian Excellence.

natural fibers specialists.
